**Mission:** Provide support to the SSIP team and Regional Educational Cooperatives by selecting and vetting educational initiatives that are likely to address the gap in mathematics for struggling learners.

Members with knowledge and expertise in mathematics

- Kentucky Department of Education
- Regional Educational Cooperatives
- KY Council of Administrators of Special Education
- Higher Education
- Committee for Mathematics Achievement
- Kentucky Center for Mathematics
- Kentucky Public Schools

**Process:**

1. Conduct a state Initiative Inventory
2. Evaluate each initiative for usability, measurability, and implementation with fidelity
3. Select 3-5 initiatives for menu

**Result:**

A menu of evidence-based practices that will advise districts on initiatives that are usable and measurable and are likely to address the Gap in mathematics for struggling learners
