

Activity: Active Implementation Frameworks

Implementation is a Piece of Cake

Read the following article, as an individual or with your team, respond to the questions below.

Step 1: Read the article below.

[“Big Med: Restaurant chains have managed to combine quality control, cost control, and innovation. Can health care?”](#)

Step 2: Answer or Discuss

Identify at least 4 similarities between the Cheesecake Factory, hospital systems, and the education system.

Identify at least 3 active implementation frameworks or components discussed in this article.

Identify at least 2 lessons learned and how they can apply to your work. What are the first next steps for making use of these lessons?
